Saturday, November 29, 2014 from 1:30pm - 5:00pm

Sicily Wright, who has struggled for the past year and a half, with health issues, will be provided with the opportunity to turn her life around, with help from generous community partners and volunteers. *The Mustard Seed of Central Florida*, alongside *Sloan Brothers Furniture, Home Depot*, Project Manager, Susan Constantine, and Scott and Heather's wedding party, have helped to make this Home Make-Over project a reality. While the project is underway, Sicily and her family will enjoy a complimentary weekend stay from *Wyndham Vacation Resorts* in Daytona Beach, FL.

The goal of this project is to provide a more stable home for Sicily and her two daughters, Syderia & Jylea. The help they will receive will provide a start to the path of recovery as a family.
